What's your reaction to this?

Foyle Youth Council Response

- Young People get to do less things
- Very big cutback
- Less trips
- Less activities
- Nothing to do
- Clubs hours/programmes may be reduced
- Society is complaining that young people are taking part in anti-social behaviour so if you take this money off us this behaviour may increase.
- If there are less youth facilities there will be an increase in drug taking / drinking as young people will be bored.
- Why cut the Youth Service?
- What other services can be cut?
