

This investment is all for the north west area.

I hoped that the A6 Dungiven Bypass is top of my Agenda it is urgent.

I also like to see the Dualling of the A6 between Derry and Dungiven started as soon as possible.

I would to see the dualling the A6 between Castledawson to east of Dungiven given the go ahead.

I would like to see the Derry Western bypass given the go ahead.

Like to see the B68 Ballyquinn Road between Dungiven and Limavady upgraded.

Would to see more social housing for the Dungiven Area and Dungiven town.

More social housing for the Claudy Limavady areas.

Upgrade the B118 Route between the Current A6 and the City of Derry Airport.
Have this route tie into a grade separate Junction onto the new A6 Dual Carriageway Route.

Best wishes

Paul McCloskey
