

Peter Robinson MP MLA
The Minister
Department of Finance and Personnel
Rathgael House
Balloo Road
Bangor
BT16 7NH

Dear Minister

I wish to object to your proposals for the Department of Social Developments draft budget allocation.

I believe if these proposals are carried through, the area in which I live will not be subject to the necessary Housing Regeneration it requires. This area has been constantly ignored in its plight for decent and proper housing. I am requesting that you reconsider your budget proposals to include the 100 million pounds that is required for the regeneration of the Village area. This is the last major area with extremely poor housing conditions that needs regeneration and the people of this community have suffered enough neglect from direct rule Ministers. The people of this community expected much more from our locally elected assembly.

I look forward to hearing a very positive response to this request.

Yours sincerely

Alan McFadden
